

Hello

WE ARE DARWIN FOOTBALL CLUB

**We are a community devoted to promoting diversity,
equality and respect.**

**As a proudly open club, everyone's welcome, irrespective of
otherness, as long as you share our values and vision of a
more inclusive society.**

OUR VISION

We believe that everyone can be an activist.

As "Generation We", we are powered by a desire and momentum for change, and strive for social justice both on and off the pitch.

We believe in the power of football to bring people together, to find common ground, and to build kinder, more inclusive communities.

OUR MISSION

**Our mission is to connect people and purpose;
to grow a community that shares our values, our restless
energy to contribute, and, of course, our love of the
beautiful game.**

THIS IS HOW WE SPREAD OUR MESSAGE:

Awareness campaigns

We create and run integrated campaigns that promote positive stories of triumph over adversity.

Statement merchandise

We collaborate on merchandise with meaning, and donate the profits to local social initiatives.

Connecting people

We are crafting a network of activists and creatives to collaborate on activations that promote diversity and respect.

CORE TEAM
